The minutes from the September 2007 meeting were approved with a motion from Dr. Lounsbury and a second from Dr. Lee. Chair Hofstra asked for nominations for a new Chair and Vice-Chair. Historic Resources Board (HRB)

Chair Butler called the Historic Resources Board meeting to order and welcomed everyone in attendance. He explained the role of the board then asked each member to introduce themselves. With a motion from Dr. Hudgins and a second from Ms. McCoy, the September 2007 and November 2007 meeting minutes were approved. Director's Report (DHR)

Director Kilpatrick welcomed everyone in attendance. Director Kilpatrick updated the Boards on budget issues, changing and new staff positions, and General Assembly matters. She mentioned various partnership conferences that had taken place since the September meeting, as well as upcoming events. Finally, she highlighted items on the days agenda, particularly mentioning some of the details of the James Monroe Birthplace updated nomination.

Comments made:

Chair Butler and Mr. Broadus asked for clarification in the Edgewood nomination regarding Rev. John Young, the state religion, and the chronology. Mr. Broadus also asked, in general, when a nomination resource is being restored/renovated during its listing, what is the process for checking to make sure it remains eligible. Ms. Massie spoke of the work at Edgewood, and thanked the Boards for their consideration. Mr. Necciai, John Milner and Associates, spoke on behalf of the Fairmount Historic District and what an appreciation he has for this neighborhood. Comments made:

Chair Hofstra recommended the Boards discuss and review the Buckland Nomination at the end of the other Northern Region items, and opened the floor for discussion of the other nine resources. Chair Butler asked that the historical separation of the County of Arlington from the City of Alexandria be made clearer in the Arlington district nominations, and asked that district nominations look, in the future, to include more on the people living there. Mr. Pates, of Elmhurst, thanked the staff for their work and the Boards for their consideration, and asked for future education in preservation to local building officials. Mr. Ragland, an owner in Monroe Courts, talked about issues of zoning, development, and utility services, and asked the Boards to vote against the Monroe Courts Historic District listing. Chair Hofstra reminded listeners that listing on both the VLR and the NRHP are honorary and are separate from any local zoning procedures. Ms. Barnes, from Arlington County, read the existing zoning for the Monroe Courts area, while another owner in Monroe Courts stood to object to the listing. Chair Hofstra and Chair Butler asked for the owner counts for Monroe Courts, which stood at 44 owners with 2 notarized objections.

Chair Hofstra reiterated the process of voting for each Board. With a motion from Dr. Moore and a second from Mr. Spencer, the SRB approved all nine Northern Region nominations, excluding Buckland. Mr. Thompson pointed out again that zoning was not a part of listing, as the VLR and NRHP were honorary. Dr. Hudgins mentioned the variety of architectural vocabulary in the Wierman nomination, noting it could be streamlined. Then with a motion from Ms. Murphy and a second from Mr. Thompson, the HRB voted to list the nine nominations, excluding Buckland, onto the Virginia Landmarks Register (VLR).

Buckland Historic District, Boundary Increase Comments:

Dr. Moore asked what the final owner counts were: staff reported that in the increase area there are 46 owners; of which 10 objected, 30 supported, and 6 did not comment, as of the meeting. Individuals speaking against the listing of the northeastern portion of the district boundary increase included; Atty. Hampshire, on behalf of the Koons', Ms. Brower, and the Peelers; Ms. Brower; Ms. Koons; Mr. Peeler; Mr. Zumot. Each person citing that they had not known about the boundary increase prior to the DHR notification, and their agreement that this area did not contribute to the historical nature of the rest of the boundary increase. Mr. Thompson asked if the non-significant gravel road to which Mr. Zumot referred was indeed the "Old Carolina Road." Director Kilpatrick noted the process of notification to all authorities including the Virginia Department of Transportation, and their lack of objection. Chair Hofstra asked if all legal notification requirements were met, and Mr. Wagner acknowledged the process had all been legal.

After a quick break, Chair Hofstra brought the meeting back to order. Mr. Brown, co-author of the nomination, spoke of the reasons for inclusion of all the resources within the current boundary increase area, specifically the northeastern corner. Mr. Thompson asked about the notification of owners for this boundary increase and was told the proposed boundary increase research had been going on since 1998 through the Buckland Society. Atty. Harwell, on behalf of Mr. Zumot, reiterated the concerns of those owners, asking the Boards either to exclude these properties, or to defer the nomination proposal. Owners who supported the boundary increase and the historical value of the entire proposed area included; Mr. Blake, Mr. Wright, Sr., Mr. Wright, Jr., Mr. Ashe, Ms. Morris-Evans, Mr. Rhoades, and Ms. Wright. Non-owners who answered land-use questions and boundary research questions included; Mr. Hutchinson, County Planner; Mr. McBride, Buckland Preservation Society; Mr. DePerro, Vint Hill Manor Homeowners Association. Chair Hofstra stated that the three courses of action for the Boards was to either approve the proposal as is, disapprove the proposal, or defer. Dr. Hudgins asked if a determination of eligibility had already been made, and Director Kilpatrick said that once the district increase was approved with the staff that it was considered eligible on record for future Federal or State Government projects. Mr. Thompson reiterated that the Boards were there to look at the historical importance of a resource and its preservation.

With a motion from Dr. Lounsbury and a second from Mr. Spencer, the SRB voted to approve the boundary increase for Buckland as presented. Then with a motion from Mr. Thompson and a second from Ms. McCoy, the HRB voted to list the Buckland Boundary Increase onto the Virginia Landmarks Register (VLR).

After a short recess, the Boards reconvened with a working lunch meeting to continue with the nomination presentations.

Mr. Pulice presented the following nominations for the Roanoke Region.

- 23. Blacksburg Motor Company, Montgomery County (Blacksburg Quad), #150-0105, Criteria A and C
- 24. Fieldale Historic District, Henry County, (Martinsville West), #044-5173, Criterion A

Mr. Broadus asked that the term "international style" be checked in the Blacksburg nomination. Then with a motion from Dr. Moore and a second from Dr. Alexander, the SRB approved both Roanoke Region nominations. With a motion from Mr. Broadus and a second from Dr. Hudgins, the HRB voted to list both nominations onto the Virginia Landmarks Register (VLR).

Ms. Bowman presented the following for the Tidewater Region.

- 25. Causey's Mill, City of Newport News, (Newport News North Quad), #121-0012, Criteria A and C
- 26. Fort Huger, Isle of Wight County, (Bacons Castle Quad), #046-0037, Criteria A and D

- 28. Norge Train Depot, James City County, (Toano Quad), #047-5301, Criteria A and C, Criteria Consideration B

Comments made:

Mr. Buckard, Isle of Wight County Historical Society, invited everyone to the "open to the public" event of Fort Huger. Mr. Broadus asked that the significance statement in the Fort Huger nomination be clarified, while Mr. Thompson said he appreciated the historical material as highly informational. Then with a motion from Dr. Lounsbury and a second from Dr. Lee,

the SRB approved all four Tidewater Region nominations. With a motion from Ms. Murphy and a second from Ms. Evans, the HRB voted to list all four nominations onto the Virginia Landmarks Register (VLR).

Dr. Lounsbury excused himself from the room for the James Monroe Birthplace proposal, and Mr. Wagner presented the background of the updated material on the James Monroe Birthplace nomination originally listed in 1976/1979. Discussion commenced between the Board members, the staff, and the proponents of the nomination; Mr. Thomas, Mr. Martin, and Mr. Lewis. Then, with a motion from Dr. Lee and a second from Mr. Spencer to support the staff in working with the proponents for an updated nomination to include Criteria B, C, and D, as well as consideration F, the SRB voted in favor of support. With a similar motion from Mr. Thompson and a second from Ms. Evans the HRB voted in favor of the same.

The Joint Session was adjourned.

HISTORIC RESOURCES BOARD

Special Historic Resources Board Item: Waterford Historic District, Loudoun County, Petition to De-list and Appeal

As the first item of business in the afternoon session, Dr. Butler asked the board members for their thoughts and vote on the petition and appeal to de-list the Waterford Historic District from the Virginia Landmarks Register brought by Ms. Milari Madison, presentation and public comment having been heard at the board's special meeting on November 15. At the request of board members Ms. Murphy and Ms. Evans agency counsel, Mr. Earl Nance with the Office of the Attorney General, confirmed that board members who had reviewed the written materials but not attended the November 15 meeting could still vote on the issue. Following brief statements from board members, a motion from Ms. McCoy and a second from Dr. Hudgins, the HRB voted unanimously to reject Ms. Madison's appeal and to support the director's denial of the petition to de-list the Waterford Historic District from the VLR.

Ms. Murphy moved that the board pass the following resolution:

"The Virginia Board of Historic Resources thanks the staff of the Virginia Department of Historic Resources as it has worked through the Waterford petition. We appreciate the care given to the matter by the Director and staff over the past months while continuing to provide the high level of service to the public that is the standard for the department."

The resolution was unanimously approved by the HRB with a second from Mr. Broadus.

Easements:

Ms. Musumeci presented the Attucks Theater project in the City of Norfolk. She explained the Easement Committee's approval of a new free-standing sign at the corner of the property noting that an LED display was not part of the original approval. Mr. Mason and Mr. Hirtz spoke on behalf of the Attucks Theater and explained the need for an electronic display rather than a static sign. After the Boards' clarification that the sign already approved would be a brick casing in which an LED screen or static sign could be inserted, Ms. Evans motioned that they accept the LED signage. With a second from Ms. McCoy, the HRB voted to approve the addition of the LED display within the sign.

Mr. Loth presented the background for a reconsideration of the existing amendment to the Lowland Cottage easement in Gloucester County. The owner, Mr. Baker, claimed his mistake in asking for the amendment without provisions for a construction of a primary dwelling on Parcel A, which had been four lots and was now considered one under the amendment. Mr. Thompson inquired of Mr. Baker whether he had taken a tax credit at the time the easement amendment was executed. Mr. Baker indicated that he had not taken a tax credit. With a motion from Mr. Thompson and a second from Ms. Murphy, the HRB voted to except the change to the amendment to include the building of one primary dwelling on Parcel A.

Mr. Loth presented the easement of Bayville in the City of Virginia Beach, noting the complete loss of the house in a recent fire.
